Is Life Worth Living?

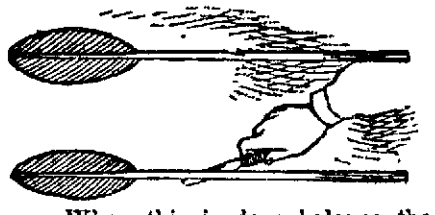

That depends upon the Liver. If the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Biliousness and Thorough Headache, it is the best medicine the world ever saw. Have tried forty other remedies before Simmons Liver Regulator, and none of them gave more than temporary relief, but the Regulator not only relieved but cured. **H. H. JONES, Macon, Ga.**

FOR LITTLE FOLKS.

The Minute Dart.
To make this toy a pine stick two feet long and one-half inch thick, two brads, a piece of pasteboard or stiff card five inches long and two wide, an ash stick three feet long and a piece of stout string constitute all the material necessary.

Whittle your pine stick perfectly straight and round, a little larger in diameter than a lead pencil. With a small saw cut in one end a slit about five inches deep. Into this slit insert the piece of card, first cutting it the leaf shape shown in picture. Tack it on with two or three brads, clinching them on the other side to insure their firm-

ness. When this is done balance the dart on your knife blade to find the "center of gravity," and at the point where it balances cut a notch slanting in the direction of the point away from the card end.

The next thing is to construct the lash to throw the dart. A piece of ash or some springy wood is better for this purpose, but pine or spruce will do. Cut this about three feet long and the diameter of a whip handle, so you can hold it comfortably in the hand, yet thin and springy, tapering toward the end. To the small end of this stick fasten a piece of stout string about two feet long, and at the other end of the string tie a knot.

To shoot the dart hold it with the left hand near the tail or paper end, holding the whip in the right. Throw the string over the dart and draw it through the notch until it catches on the knot. Then with a rapid upward motion switch the whip into the air, letting go the dart at the same time. The dart will leave the string and soar high into the air. The lighter the dart is made and the more springy the whip the higher the minute dart will fly. Be correct in your aim and you may learn to hit the mark as well as did the old time slingers.—Wide Awake.

What She Said.

A cute little Woodward avenue girl who attending a private school came home one day during convention week at Chicago and was telling her father about how well she was doing.

"And, papa," she went on, taking long breaths at intervals, "the teacher today asked the whole school what was going on in Chicago and if anybody could answer to rise up, and not a one got up, papa, but me!"

"And did you answer the question?" inquired the fond father.

"Yes, sir, I did," she said, but with a shade less enthusiasm.

"What did you say?"

"I said the World's fair, papa."

"Was that right?"

"No, sir," and her enthusiasm was all gone. "The teacher said it was the Democratic national convention."

"What did you say to that?"

"Well," and this time she brightened.

"I said I s'posed there was something that a little girl like me had to learn, or she wouldn't be sent to school. Then I sat down. Wasn't that right, papa?"

He admitted the correctness of her conclusion on the spot.—Detroit Free Press.

Photographs of the Sultan's Arabs: Abdullah Bros., photographers to his Imperial majesty the sultan, are now taking views of the Arab horses in the imperial stables. These photographs will be placed in an album and sent to the Chicago fair.—Levant Herald.

THE DUAL CONVENTIONS.

The Harrison and Anti-Harrison State Conventions reassembled yesterday as separate bodies. The Anti Harrison Convention, which was controlled by Silver League members, adopted resolutions declaring for the free and unlimited coinage of silver and condemning the administration of President Harrison and commending the Air Line Railroad from San Francisco to Salt Lake. It made no nominations for Presidential electors and prohibited the State Central Committee from making such nominations. It nominated for Representative in Congress, Francis G. Newlands, who is a member of the Silver League and pledged to oppose for executive or legislative office any person who is not pledged by platform and declaration to the free and unlimited coinage of silver. It also nominated Henry L. Fish of Washoe, a member of the present board, and Charles E. Mack of Storey for Regents of the State University, both gentlemen being Silver League men. The action of this convention insures beyond reasonable doubt the election of its nominees and of the Silver party electors, Messrs. Wren, Bonnifield and Powning. No nomination was made for Judge of the Supreme Court.

The Harrison Convention endorsed the administration of President Harrison, though it mildly dissects from his silver views and approves the construction of the San Francisco and Salt Lake Railroad. It nominated D. L. Bliss of Ormsby, A. C. Cleveland of White Pine and J. Farrell of Lander for Presidential electors, William Woodburn of Storey for Congressman and Henry B. Rule of Washoe for Regent of the State University. No nomination was made for Supreme Judge, which leaves Judge Beckup without opposition.

WHAT A VOTE FOR WEAVER MEANS.

Much is being said and written just now as to what a vote for General Weaver means. The barnacle-backed Democrat from within a cloud of prejudice which reason cannot dissipate, screams "that a vote for Weaver is a vote for Harrison," while the pampered Republican from his place at the public crib yells that "a vote for Weaver is a vote for Cleveland." Only the dupes, the tools of the designing, are deceived by such bosh. What a vote for Weaver really means is told by a plain, honest miner in the Longmont (Colorado) Progress in the following unmistakable language: "A vote for Weaver is a vote for principle, a vote for silver, a vote for more money, a vote for better prices of labor and the products of the farm; a vote for the wife and babies and a home without a mortgage; a vote for the salvation of the nation and the freeing of it from the money clutches of the money power of England, and a vote for freedom, justice and right."

A GALLANT SILVER MAN.

Pike A. Pierce represents the Ninth Congressional District of Tennessee in the House of Representatives. He was elected to the Fifty-first Congress and made such a good record that he was re-elected by a majority of 7,000 votes. In the fight for silver this Summer he held aloft the silver banner when Bland of Missouri, tired and discouraged, was about to surrender, and kept it floating until the Republican and Democratic tools of Wall street combined and overpowered the free coinage men. Mr. Pierce declines to be a candidate on the Cleveland Democratic platform and has announced himself as a free coinage independent candidate for Congress. Every Silver man in the country will sincerely hope that Mr. Pierce will be elected and that he will go back to Congress with enough free coinage men to pass a silver bill against the combined forces of Wall street, and with General Weaver in the Presidential chair to sign the bill.

Populist headquarters have been opened in Washington, St. Louis, New York and Boston. The next two months' work will make serious havoc with political calculations in the close States. The manufacturing districts in Massachusetts, Connecticut, New Jersey, Rhode Island and New York will be organized as they have never been organized before.

MORE RECORD BREAKING.

Twenty-Two People Drowned by the Wreck of the Reser.

THE MONETARY CONFERENCE.

Cholera in New York - The Coming New Orleans Prize Fight - An Idaho Blaze.

Story of the Only Survivor.

SALT LAKE, Sept. 1. - The fish tug Embe arrived down to-night having as a passenger Harry Stewart, of Algonac, Mich., wheelman, the only survivor of the mammoth steel steamer, the Western Reserve, which foundered Tuesday morning about 9 o'clock, 60 miles above Whitefish Point, en route to Kewanaw. The Western Reserve left Soo Tuesday, having on board as passengers Captain Peter Minch, the owner, wife, children and sister-in-law, besides the regular crew of 22 hands. The rest of the steamer's short history and fatality is best told in the words of Stewart, the only survivor of the terrible disaster: "Everything went well until 60 miles above Whitefish Point, when the first warning of impending danger was a terrible crash, caused by the huge craft breaking in two. She took water fast and the yawl boats were lowered. Captain Minch and family and the officers and crew to the number of seventeen, got into the wooden yawl and the others took the metallic one. The Reserve sank in ten minutes and before she was out of sight the metallic yawl capsized. The other boat succeeded in rescuing two occupants and the nineteen survivors started for Whitefish Point 60 miles away. A considerable sea blew up, but the yacht weathered the breakers all night and until 7 the next morning. When about 10 miles from Life Saving Station No. 10 and about a mile from shore, it capsized."

Stewart says he saw none of the occupants afterward. The cries of children, screams of women and moaning of men was terrible for a few moments. He struck for shore and after two hours in the water landed about ten miles above the station and had to walk there before reaching any one able to render him assistance. A search failed to find a trace of any other survivor of the wreck and there seems to be no question that all are drowned.

More Record Breaking.

INDEPENDENCE, Iowa, September 1. - There was more record breaking at Rush Park to-day. The track was very fast, though there were strong breezes. In the first race Lobasco trotted the first heat in 2:11, setting a new mark for stallions in the race. The next three heats were taken by Lord Clinton. He was well pushed and made a mark for a four-hat race, the average coming down to the low figure of 2:18.

Doble brought out Martha Wilkes to beat her record of 2:09; she made last week. She was accompanied by two runners and went to the quarter in :30%, half 1:02%, three-quarters 1:35% and under the wire in 2:08. She now holds the best to the best trotting record, besides the world's race record.

Jay Eye See (2:06%) started to beat the world's pacing record of 2:05%, going the mile in 2:03%.

The 2:17 trot for \$1,000 - Lord Clinton, Lobasco, Little Albert and Poem - heats, 2:11%, 2:10%, 2:11 and 2:13%.

In the 2:39 pace for \$1,000 Prima Donna won in three straight heats, Mary Trueblood second, John A third; the others were distanced. Best time, 2:16.

Free for all pace for \$1,000 - Mascot, Gay, Roy Wilkes and Manager - heats, 2:09, 2:09, 2:08 and 2:07%. This breaks all race records for five heats.

About the Fighters.

NEW ORLEANS, Sept. 1. - By the end of the present week all the principals in the approaching fights will either be in New Orleans or only a few miles away, except Jim Corbett, the Californian, who will be the last to arrive. Myer is due to-morrow night. Sullivan will put in an appearance Saturday evening and McAniff, Skelly and Dixon are just across the bay and will come to town either Sunday or Monday. The Olympic Club announces everything in readiness for the big contests, and reports from all directions, together with the rapidity with which tickets are being disposed of, indicate that the crowds at all three fights will be larger than any that have witnessed such affairs in this city since club pugilism took a big boom.

Cholera in New York.

NEW YORK, September 1. - Captain Cross of the Eldridge street station reports to-night that he was informed by Dr. H. Beck of Irvington street that he attended a man named Elwain on the fourth floor of No. 56 Orchard street and found him manifesting symptoms of cholera. The man said he was a Russian and arrived on Sunday on the steamer Russia. The Board of Health has been notified.

General Stevenson Speaks.

VINCENNES, Ind., September 1. - The Democratic campaign was opened in southern Indiana to-day. Ex-Governor Gray of Indiana presided over the meeting and introduced General Adlai Stevenson to the enthusiastic Democrats and also made a short address. General Stevenson spoke for nearly an hour. He gave most attention to the tariff and the force bill.

The Monetary Conference.

WASHINGTON, September 1. - Secretary Foster said this afternoon that there had been as yet no place or time fixed upon for the meeting of the International Monetary Conference. Should cholera continue its menacing course the opinion is expressed at the Treasury Department that it is altogether probable the meeting of the conference will be deferred until some later date, when danger from the scourge will not be so great as now.

Cholera Precautions.

SALT LAKE, Sept. 1. - Sixteen immigrants on the Canadian Pacific were stopped this afternoon by United States health officers and sent into quarantine before they crossed the bridge. One was from Hamburg, several from Russia and the rest from Scandinavian countries, but none had certificates of inspection.

Baseball.

SAN FRANCISCO, September 1. - The San Francisco and Oakland played a thirteen inning game to-day, San Francisco winning in a score of 10 to 2. Oakland tied the score in the ninth inning and no more runs were made until the thirteenth, when San Francisco made four hits and, aided by errors, scored eight runs.

A Jail Burned.

MENCK, Cal., September 1. - A San's special from Mariposa says the county jail was destroyed by fire early this morning. Thomas Trullitt of Coalingville was serving a sentence of thirty days for assault and battery and it is not known whether he escaped or was burned to death.

Robbers Still at Large.

PASO ROBLES, Cal., September 1. - Isom and Goss, the fleeing Coyascos bank robbers, are still at large. Isom was seen near here yesterday evening. Paso Robles officers have joined in the chase. Their arrests are expected at any moment.

No Letter of Acceptance This Week.

WASHINGTON, September 1. - President Harrison will leave here at noon to-morrow for Loom Lake. He will go by way of Plattburg. His letter of acceptance will not be made public this week.

An Idaho Blaze.

BOISE, Idaho, September 1. - A Statesman special says the town of Rocky Bar was destroyed by fire to-day leaving 150 people without food or bedding.

Colonel P. C. Hyman is here on his return from Tascara, where he has been mining interests. He is discouraged with the silver outlook, and as every mining man should be, is opposed to the Wall Street candidates.

The fourth excursion of the Honey Lake Valley Land and Water Company to Honey Lake Valley will take place next Sunday, leaving Reno by special train at 8:45 A. M. A band of music will give an open air concert at the company's camp. All Reno and the rest of mankind are invited. Everybody will be the company's guest at camp. Excursion tickets at \$4 will be good for return trip on Monday.

Stationery, cutlery, notions, also gentlemen's underwear and hats at A. Nelson's on Virginia street. Call and examine before purchasing elsewhere.

DEATH OF FRED COOPER.

A Nevada Dies at Sprague, Wash. B. A. Cooper of Hufnaker has received intelligence of the death of his brother, Fred Cooper, which occurred at Sprague, Washington, July 29th, before he knew of his brother's illness. Deceased resided in Washoe county for several years and left here in 1893. The Sprague Advertiser says: In 1893 Fred Cooper located in Sprague and served as Deputy City Marshal for two terms. In 1891, while serving as night Marshal he contracted a severe cold, which settled on his lungs and finally resulted in death. He was a kind-hearted man, true to his friends and considerate with his enemies.

Better Than a Savings Bank.

If you have faith in the future prosperity of the city of Reno, Nevada, invest in well located town lots and you will surely double your money in the next few years. If you cannot buy a lot yourself you can take stock in the Reno Real Estate and Investment Co., and participate in the investments that this corporation will make. The company proposes to purchase centrally located property and erect suitable buildings thereon, obtaining immediate revenue from rents and receiving all benefits from increase in value.

THE STRAIGHT-OUTS.

Hon. Wm. Woodburn Nominated for Congress.

A Lively Convention in Which Harmony Was Completely Absent—Harrison Electors Nominated.

The straight-out wing of the Republican party met yesterday forenoon in Armory Hall. Enoch Strother, Chairman of the State Central Committee, called the meeting to order.

Philip Doyle declined the nomination of Temporary Chairman and John Farrell of Lander was elected. W. Hy Doane of Ormsby was elected Temporary Secretary and W. H. Higgins of Washoe was elected Temporary Sergeant-at-Arms.

The convention then proceeded to the appointing of the various committees as follows:

Committee on Credentials—Z. Pierce, Lyon county; W. B. Randall, Ormsby, and Balch, White Pine.

Committee on Platform, Resolutions and General Order of Business—Trenmore Coffin, Ormsby county; A. C. Cleveland, White Pine; Enoch Strother, Storey; Senator Woodburn, Ormsby; General Turrittin, Churchill; and Frank Emmett, Washoe.

A recess was taken until 1 o'clock.

On reassembling the Committee on Platform, Resolutions and General Order of Business reported the following:

HARRISON PLATFORM.

We, the Republicans of Nevada, in State Convention assembled, hereby renew our pledges of fealty to those grand principles of Republicanism which have made our country a land of liberty in fact as well as in name, and which have carried an American Union to the career of intellectual and industrial development until it stands without a parallel in all the history of the world.

While regretting that the administration of President Harrison has not been in full accord with our views upon the great question of finance, we deem it proper that we, as Americans and Republicans, should express the pleasure and pride which we feel in complimenting the otherwise most excellent administration, absolutely free from the faintest suspicion of corruption, wise and patriotic in its conduct of international affairs, broad, dignified in its foreign policy, it is entitled to the respect and admiration of every American citizen who loves his country as a whole.

We regard the question of the complete reorganization of silver upon bi-metallic principles as the most important economic problem confronting the people of the United States, and of almost vital significance to the State of Nevada. In dealing with this question we assume a position of perfect independence, and regardless of all national parties and platforms, we are ourselves as being most earnestly and unreservedly in favor of the free coinage of both gold and silver, with full legal tender functions accorded to each, as the correct and logical solution of this great question. While, owing to the unfortunate commercial relations existing abroad, silver has fallen lower than ever before, we nevertheless believe that the cause for which we are contending has gained substantial ground. Step by step our opponents have been forced to abandon every principle for which they have hitherto contended, and the feasibility of the United States problem in now the sole issue between us. In this behalf we look forward with hope and encouragement to the approaching International Monetary Conference, most cordially approving the selection of our silver as the part of the United States as a member on to said conference, but at the same time affirming our mistaken confidence in the power of the American Republic by its own legislation to restore and maintain the parity of the two metals at the ratio of 16 to 1, and we demand the enactment of such legislation as a simple matter of justice, both to the silver miner and the business interests of the country.

We are earnestly in favor of increasing the currency of the country to an amount equal to every business requirement, and we believe that this should be done primarily, by restoring silver to its rightful position as one of the great money metals of the world, and we are irretrievably opposed to any scheme of paper money inflation until after every ounce of the gold and silver of the world has been fully monetized.

We believe that the cause of silver should stand upon its own intrinsic merits; that can only be won by calm and dispassionate arguments and that it cannot be won at all if associated with their measures that are radically opposed to the conservative ideas of the great mass of the American people. We believe that the silver which clings to such measures will attach itself to the silver cause as well, and that instead of bringing us success we shall find ourselves further and further from the desired end. We therefore warn the voters of Nevada against the danger of cutting loose from the old time moorings, believing that the inevitable result will be to sink the cause of silver in the vortex of free tradeism, greenbackism, communism and all the other objectionable "isms" known to American politics.

We strongly urge the development of the State upon every possible line, and as Nevada needs more railroad facilities, we hail with delight the prospect of the construction of the San Francisco and Salt Lake railroad. We heartily endorse the action of the last Legislature, in granting the substantial aid of Nevada and Utah Air Lines, with the hope that it might form a connecting link in a transcontinental route. The sympathy and support of the people of this State should be cheerfully given to this and all other efforts of a similar character, for upon their success greatly depends the future welfare of the State.

We believe that the American Republic is founded upon the principle of political and social equality and that the maintenance of such equality is in the highest degree essential to the perpetuity of our Republican form of government. We regard the massing of colossal fortunes in the hands of a few individuals while millions of others can barely eke out an existence, as a menace to free and popular government. We believe that the passing of such fortunes from generation to generation in the hands of a single member of a family is not only contrary to the principles of equity and humanity, but the prolific source of discontent and danger. Therefore, while discountenancing communism in every form and strenuously insisting upon the protection of property rights everywhere throughout the land, we are most earnestly in favor of the enactment of such laws as will effectually prevent entails and favoritism in the devising of such estates as will lead to their distribution in accordance with the principles of natural justice.

We regard the construction of the Nicaragua canal under the control of the government of the United States, with such precautions and guarantees as will secure honest, prompt and economical construction, as of great benefit to the Pacific Coast, as well as a decided commercial and political advantage to our country, and it should receive the approval and co-operation of every American citizen as a measure of patriotic and commercial importance, wholly divested of partisan motives or influences.

Our immigration and naturalization laws should be so amended as to prevent the landing upon our shores of large numbers of people annually who are unskilled, uneducated and unfitted for self support and the duties of self government, as it not only tends to lower the rate of wages, but adds yearly large numbers of ignorant, degraded, criminal and mercenary voters who become a corrupt factor in our body politic. Only those who are in intellectual sympathy with our institutions should be admitted to citizenship.

We point with pride to the full performance by the last Legislature and State administration of all pledges of economy in the State and country government contained in the Republican State platform of 1890, and upon the record of the National Republican party throughout its entire career, and in its bearing upon the welfare of the whole country, we invoke the calm and deliberate judgment of the people of the State of Nevada.

The platform was adopted unanimously. The Committee on Credentials reported the following delegates entitled to seats in the convention:

Churchill—W. O. Ferguson, Wm. Murphy, Geo. P. Turrittin (proxy) C. D. Van Duzer (proxy).

Douglas—J. W. Haines, John Brookline, H. Springmeyer, J. W. Small, O. T. Bliss (J. W. Small proxy).

Elko—Chas. Adams, H. S. Riddle (J. W. Small proxy).

Lander—J. R. Farrell.

Lyon—Z. Pierce.

Ormsby—Chas. Bullson, Oscar Woodbury, E. J. Parkinson, Wm. Orister, J. S. Ulrick, M. Little, J. B. Eckman, W. B. Randall, Dwight Edwards, Geo. D. Oliver, Trenmore Coffin (proxy), P. A. Doyle (proxy) Wm. Woodburn (proxy), W. B. Randall, proxy.

Storey—E. Strother, John J. Ormsby, Frank Folsom, John Baroley, John J. Ormsby proxy.

Washoe—O. C. Ross, J. F. Emmitt, W. D. Phillips, R. L. Fulton, L. J. Cohn, A. G. Fletcher, John Fraser, Wm. Pearson, Edwin Fowler, O. Looker, S. J. Bryant, Jerry Corcoran, James Sutcliffe, J. F. Emmitt proxy.

White Pine—A. C. Cleveland, D. R. Collins, A. C. Cleveland proxy; J. B. Matherson, A. C. Cleveland proxy; W. N. McGill, D. W. Balch proxy; Geo. Coulter, A. C. Cleveland proxy; John J. Thompson, O. H. Gray proxy.

The Chairman declared that nominations for Presidential Electors was in order. Trenmore Coffin placed in nomination D. L. Bliss of Ormsby.

J. W. Small placed J. W. Haines in nomination.

W. Randall placed A. C. Cleveland in nomination.

Trenmore Coffin placed John R. Farrell in nomination.

Mr. Farrell placed Mr. Balch of Storey in nomination.

Mr. Haines withdrew on the ground that there was some question as to his eligibility, as he was already World's Fair Commissioner.

D. L. Bliss of Ormsby, A. C. Cleveland of White Pine and John R. Farrell of White Pine and John R. Farrell of Lander were elected.

NOMINATIONS FOR CONGRESS

It was moved that be in order. It was moved by P. H. Doyle that the rest of the ticket with the exception of a State Central Committee be passed.

Senator Haynes and Balch of Storey took issue and a debate of considerable warmth followed, ending by deciding to proceed with the regular nominations.

T. Coffin placed in nomination Francis G. Newlands.

It was moved that the nominations close. Pierce of Lyon demurred and stated that it was not yet certain that Mr. Newlands would endorse the platform of the convention. He therefore moved that Mr. Newlands come forward if he was so disposed and endorse the platform and agree to support the nominees of the convention.

The motion was seconded by Mr. Woodburn and carried.

Mr. Newlands not being present a committee of three was appointed to wait upon him and acquaint him of his nomination with the request that he appear before the convention. The Chair appointed on that committee B. L. Fulton, Trenmore Coffin and A. C. Cleveland.

The convention then took a recess of 15 minutes.

On reassembling the Committee reported that it had been unable to see Mr. Newlands as he was not at home.

On motion the nomination for member of Congress was passed and the next order of business taken up.

The convention then took up the nomination of Regent for long term for the State University. H. B. Hale was unanimously nominated.

The convention then took a recess until 8 o'clock p. m.

Evening session.

The convention was called to order at 8:30 o'clock. The Chairman called for the report of the Committee appointed to wait upon Mr. Newlands when its Chairman, Mr. Fulton, handed the following letter from Mr. Newlands to the Secretary by whom it was read:

Messrs. Coffin, Cleveland and Fulton—GENTLEMEN: In reply to your communication informing me that I have been put in nomination for member of Congress before the convention convened at Carson, I beg to say that I am deeply indebted to the delegates elected to the State Republican Convention which adjourned to-day, and requesting me to appear before it, I beg leave to say that I have already received by mail the Republican State Convention, called for the purpose, among others, of nominating a member of Congress, and that I have received the nomination at its hands. Whilst I fully appreciate the courtesy extended by the body, you represent and the manifestation of confidence and esteem which personally accompanies the request, I must for the above reasons, decline to accept your courteous invitation. I am very sincerely yours, F. G. NEWLANDS.

The next five minutes were consumed in a lively wrangle ending by Mr. Coffin withdrawing the name of Mr. Newlands from before the convention.

The nomination was seconded by B. W. Balch, who moved that the nominations close and that Mr. Woodburn be declared the unanimous nominee of the convention. F. H. Doyle announced that he would not acquiesce and therefore the nomination could not be unanimous, and demanded a roll call. The chair was unable to understand the effect of a negative vote and the efforts to explain the matter by Senator Haines and B. W. Balch threatened for a time to breed a riot, and almost were out the Chairman's gavel in his frantic efforts to preserve order and decorum. The roll was finally called and Mr. Woodburn's nomination was endorsed by twenty votes, nine being negative and the rest positive. The announcement of the election of Mr. Woodburn as the candidate of the convention for Congress was received by his admirers with an electric thrill which caused such an exhibition of the vigor of life from the front row as to entwine even the most obtuse person present. Mr. Woodburn was called for, and applause and cheers greeted him as he appeared upon the platform. He addressed the convention in a speech which showed his ability and zeal for his golden master, B. Harrison, whatever might be the contrary opinions of his audience. He stated that it did not require his signature to a silver league to show how he stood. He appealed to the records of Congress during the six years of his membership. He stated that he was in favor of Harrison first, last and all the time. He proposed to make his fight upon the issues championed by the National Republican party.

The Convention then proceeded to elect the following State Central Committee: Churchill—John Ferguson, Douglas—H. Springmeyer, Humboldt—A. Wise, L. A. Blakeley and Thomas Nelson.

Elko—C. H. Sprout, E. S. Farrington, W. O. Young and J. W. Powell.

Lincoln—James McFadden, T. J. Osburn.

Lyon—J. M. Campbell, J. N. Mann.

Ormsby—Trenmore Coffin, E. J. Parkinson, W. B. Randall.

Storey—W. M. Candler, Robert Gracy, Thos. Williams E. Strother, Albert Lackey, Frank W. Folsom, O. T. Arber, B. W. Balch.

Washoe—J. H. Whitehead, E. W. Parry, W. D. Phillips, M. D. Foley.

White Pine—W. N. McGill, Jas. H. Marfoth.

The convention moved to pass the nomination of Supreme Judge.

The convention adjourned at 10:30 o'clock sine die.

SQUABBLING.

The convention, during the entire proceedings yesterday, was, to say the least, probably the most unharmonious one that has ever been held in the State of Nevada. Especially so was this the case at the evening session, where wildest confusion seemed to be the order and no attention whatever was shown to the continued calls for order from the Chairman. Some of the old warhorses seemed to lose their heads entirely and charged each other with numerous offenses.

It looked for a time as if a third convention would be necessary. One of the delegates was heard to remark that hereafter he would join the Women's Suffragist, as they surely could not be more boisterous than the convention. The monkey and parrot time was brought to a close after about an hour's squabbling. Bitter feelings exist in the ranks of the straight-outs, and it will require a good deal of cunning manipulation to bring the different factions together.

Yesterday was a red letter day in Republican politics and the workings of this convention will go down in history.

A Sad Affliction.

Wm. McLeish, a Reno boy of high standing, is seriously ill at the residence of his mother.

While attending the encampment at Carson City, and while participating in a game of football he stumbled over a peg stuck in the ground to hold the guy ropes of a tent and fell, his back striking the peg. Nothing was thought of the accident at the time, and it discomfited him but little. He returned to Reno at the close of the encampment and resumed his labors at the State Line Mill. Last Wednesday he went under the mill for the purpose of clearing away some sawdust. Being absent longer than it was thought necessary, some of the employees of the mill went in search of him, and he was found under the mill in an unconscious condition.

The young man was removed to his lodgings and made as comfortable as possible. He was brought to Reno on the evening train Wednesday evening. Dr. Patterson was immediately summoned, and upon examination said McLeish was paralyzed from the waist down, superinduced, undoubtedly, by the fall he received at Carson.

He is Second Sergeant of Company C, Reno Guards, and is an exemplary young man. It is to be hoped that he will recover, but the case is a very doubtful one.

Dead Blows.

It is at the bottom of many a feud, and the cause of strife and murder. It's also the root of all ailments of the body. Good blood nourishes and bad blood poisons, therefore take Simmons Liver Regulator to keep the liver active, the bowels free, and promote digestion. This does, you will be glad to hear, free from malaria, poison and rheumatism.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

SILVER REPUBLICANS.

Francis G. Newlands Nominated for Congress.

They Place in Nomination a Full State Ticket Except Supreme Judge—The Electoral Ticket of the Silver Party Practically Endorsed.

The adjourned meeting of the Silver Republican party met yesterday at 11 a. m. at the Court House. There were present 85 delegates, including proxies. The convention was called to order by temporary Chairman F. C. Lord. The first thing coming before the convention was the report of the committees.

The Committee on Credentials reported 134 delegates entitled to seats in the convention.

G. W. Baker moved that the delegates present cast the entire votes of their respective counties.

After a short debate it was decided that only those actually present should vote.

The Committee on Permanent Organization and Order of Business reported as follows: Chairman, E. C. Lord; Secretary, J. A. Plummer; Assistant Secretary, Mr. Hayes; Sergeant-at-Arms, Mr. Baugh.

The Committee on Platform and Resolutions reported the following which was adopted unanimously.

THE PLATFORM.

This Convention endorses and adopts the platform of the Republican State Convention, held at Virginia City on the 30th day of April last, as follows:

Resolved, That we condemn the Republican party of the Eastern States and the Administration of President Harrison, insofar as they have failed to accomplish the complete reorganization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it occupied previous to the passage of the Mint Act in 1873 is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver the right to have the same coined into money upon the same terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment about one-half, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the mint of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the reorganization of silver, this Convention will make no nominations for Presidential Electors and the State Central Committee will be appointed by this Convention shall have no authority to put in nomination Electors.

This Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in promoting the true issue between the money powers and the bondholders and laborers and producers of wealth.

And we favor the continuation of agitation and contention for the free and unlimited coinage of silver at the present ratio of 16 to 1 for their own benefit and for the benefit of the people at large—miners, farmers, laborers and all other persons engaged in productive enterprises, until the silver money of the Constitution and of the people is restored to the place it occupied previous to the legislation of 1873.

The thanks of this Convention are tendered to our delegation in Congress for securing the endorsement of the State University, reopening the Mint, completing the Government building at Carson, establishing the Indian school, in taking measures to limit and improve our Indian reservations, in pressing the rebellion war claims and the Indian war claims upon the attention of Congress, and urge them to continue their efforts until Nevada shall have been placed on an equal footing with other States in the recognition and payment of her just demands against the General Government.

Cheap and rapid railroad transportation is necessary for the development of the resources of the State. More railroads are required in the vast arid wastes of Nevada, and all other efforts of a similar character should be fostered and encouraged. The free coinage of silver with abundant railroad transportation would make Nevada a prosperous and populous State.

P. M. Bowler, Chairman.

J. A. Plummer, Secretary.

The chair declared that nominations for Congressmen were in order.

Wm. Thompson arose and in a short speech placed Francis G. Newlands in nomination.

G. W. Baker seconded it in a fine eulogy upon the National reputation of the nominee.

On motion the nominations were closed and Mr. Newlands was elected unanimously.

The delegates began calling for him and Mr. Newlands came inside the railing and endorsed the platform in the following speech, which was listened to with enthusiastic applause:

MR. NEWLANDS' SPEECH.

Mr. Chairman and Gentlemen of the Convention.—I thank you for this exhibition of your confidence. In the absence of a public record (for as yet I have never filed a public office), I can only say that I will support the interests of Nevada with unfailing ardor if elected to this position. I shall be mindful always that I am not a Republican of Massachusetts or a Republican of New York, but a Republican of the State of Nevada (great applause); that I belong to that party which has been uniformly successful in this State solely because of its loyalty to the paramount industry to the State. [Applause.] I shall make these interests—the mining interests, the agricultural interests and all the industrial interests of this State—paramount considerations with me in my public life.

The gentleman who seconded my nomination referred to the prominence which Nevada, while small in numbers, had secured in the councils of the Nation through its leaders. Some time ago, whilst in Washington and whilst in conversation with a prominent official connected with the present Administration, I was urging a certain line of policy in regard to this State. The answer came with some impatience: "Don't you think so small a State as Nevada has had about enough consideration?" I said: "Yes, possibly if you consider the sparseness of her population, but no, if you consider the genius and energy of her people." [Applause.] In London five months ago I was discussing the silver question with a man who represented this Government prominently abroad. He belonged to that class of bi-metallicists who are always urging reasons why silver should not be restored to its old position, and he expressed some impatience that Nevada should have so much to do with this agitation. He seemed to think that an agitation of so much moment, which is embracing the world, should not have originated in so obscure a State, and that Nevada was having too much to say upon the subject. I told him, in reply, that the energy and efficiency of great agitations were not dependent upon their origin, however obscure it might be; that the Christian religion had its origin in lowly Palestine; and that from Nevada had arisen an agitation, not only for the interests of that State, but was freighted with results in mankind which would sweep the world in its broad embrace. [Great applause.]

My friends (I think I can call you my friends) I shall bear the banner of Nevada, if it is put in my hands, proudly. I shall be proud of the State, I shall be proud of the people, proud of her interests, proud of her education and I shall wage constant war against the interests that are opposing her development. [Applause.]

I thank you, gentlemen, for this kind reception. [Great applause.]

On motion the nomination for Supreme Justice was passed.

Hon. H. L. Fish of Washoe was nominated for Long Term Regent unanimously. Mr. Fish, on accepting the nomination, gave a concise and interesting account of the developments of the State University and a description of what it is now.

O. E. Mack of Ormsby was nominated for Short Term Regent of the University. The following State Central Committee was elected:

Elko—F. F. Coffin, R. P. Hamill, J. J. Milgo, J. O. Daugherty.

Eureka—J. H. Hough, J. J. Baird, Sam Longley.

Humboldt—J. H. Thies, J. R. Herney, Ferd. Reid.

Lincoln—J. Osborne, Chas. E. Goodrich.

Nye—A. Maute.

Ormsby—Evan Williams, H. R. Logan, A. M. Ardrey.

Washoe—W. Thompson, G. A. Taylor, Frank Bell, C. Novacovich.

Storey—A. T. McDonnell, H. M. Gorham, L. P. Wordell, F. C. Lord, W. E. Sharon, E. D. Boyle, C. Ahorn, M. Pearce.

Emerald—P. M. Bowler, B. A. Knapp.

Churchill—Chas. Kaiser.

Lyon—G. W. Bennett, P. B. Savage.

Douglas—H. M. Springmeyer.

White Pine—H. McLoon, Chas. R. Lord.

After the usual vote of thanks to the officers of the convention, the convention adjourned sine die.

The Continental Insurance Co. of New York, capital and assets nearly \$6,000,000, commences business in Nevada to-morrow. Mr. B. S. Osborn has been appointed the attorney for the company for the State, the Bank of Nevada general collectors and Mr. A. L. Moye, State agent. Mr. Moye will make Reno his home and will prove a liberal citizen. The company will make a specialty of the farm insurance business and will, judging from their 42 years experience in the business, make a success in Nevada.
